Department of Anatomic Pathology
University of California San Francisco, School of Medicine presents

35th Annual
Current Issues in Anatomic Pathology

Thursday - Saturday
May 23–25, 2019
NEW! InterContinental Hotel, San Francisco

Current Issues in Anatomic Pathology
Thursday - Saturday
May 23-25, 2019
Daily Self-Assessment Modules (SAMs) will be offered for SAM credits

- Highlighted Topics: Breast, Soft Tissue, GU, GI
- Henry Moon Lecturer: Stuart J. Schnitt MD (Breast Pathology)
- Additional Guest Lecturers: John Goldblum, MD · Jason Hornick, MD, PhD · Victor Reuter, MD

Optional Interactive Lunchtime Tutorials:
GI Pathology, Hematopathology, Pulmonary Pathology

Optional Interactive Evening Multi-headed Microscope Sessions, Mission Bay campus:
Neuropathology, Gynecologic Pathology

Cytology Seminar
Interactive Microscopy
Wednesday, May 22, 2019
(separate fee, limited enrollment)
This annual course addresses a wide range of topics in anatomic pathology, and explores new and evolving areas in the diagnosis and analysis of disease. It aims to provide the latest practical and theoretical information that will aid the practicing pathologist in solving those problems most often encountered in the anatomic pathology laboratory. An audience response system will facilitate questions and discussion. Participants will be able to register for either the entire three-day meeting or for any combination of individual one-day blocks.

OBJECTIVES
The principal objective of this activity is to identify areas of diagnostic difficulties and challenges in everyday surgical pathology and cytopathology practice, and to provide expert insight on selected topics through different educational formats. Educational experience is further enhanced through collegial contact and one-on-one interaction throughout the course. As identified through recent publications and other data gathering efforts, the topics selected each year reflect areas in which substantial information and progress has been made. The topics of discussion also focus on areas in which there is significant difficulty in interpretation of pathological features. In general terms, we expect that at the end of this course, the participants will be able to:

- reduce occurrence of common mistakes and pitfalls in the diagnosis of genitourinary, breast, gynecological, gastrointestinal, hepatobiliary, hematolymphoid, pulmonary, and soft tissue diseases in everyday surgical pathology;
- improve diagnostic accuracy with mimickers of specific diseases in each specialty;
- interpret special studies that will allow easier differential diagnosis;
- improve ability to identify the pertinent histopathological characteristics of diseases to allow unequivocal diagnosis;
- use new and additional components of the pathology report to improve its clinical value;
- integrate the recent changes/modifications in the pathological classification of diseases or lesions.
CYTOLOGY SEMINAR (SFVAMC, Bldg. 2, Floor 3, Anatomic Pathology)
Enrollment in this seminar is limited to 18 persons on a first-come, first-served basis. The seminar will be held on the UCSF San Francisco VA Medical Center campus.
Shuttle service will be provided between the InterContinental Hotel, San Francisco and the San Francisco VA Medical Center.
Seminar Registration Fee: $325. Enrollment limited to 18 persons.
Please call the registration office (415-476-5808) to verify space is available before sending payment for the Cytology Seminar.

FACULTY
Ronald Balassanian, MD  Associate Professor of Pathology, UCSF
Sarah Calkins, MD  Assistant Professor of Pathology, UCSF
Elham Khanafshar, MD, MS  Professor of Pathology, UCSF
Vighnesh Walavalkar, MD  Assistant Professor of Pathology, UCSF
Course Chair: Laura Tabatabai, MD  Professor of Pathology, UCSF

EDUCATIONAL OBJECTIVES
The seminar is designed to present the audience a hands-on experience in diagnostic problems in everyday cytopathology practice, and an update on recent developments in the use of special techniques in cytopathology. At the end of the cytopathology course, the learner will be able to identify common problem areas in cytopathology practice, recognize potential pitfalls and develop a differential diagnosis and a management plan. The learner will be able to identify the practical benefit of special techniques.

SEMINAR SCHEDULE - WEDNESDAY MAY 22, 2019

7:30 am  Shuttle Departs from InterContinental Hotel, San Francisco (Howard Street)
8:10  Registration, Coffee, and Greetings (Rm 344)
8:30  CONCURRENT SESSIONS
A. EUS- and EBUS-Guided FNA Biopsies: A Collection of Interesting Cases (Rm 343)  Vighnesh Walavalkar, MD
B. Fine Needle Aspiration Biopsy of the Breast (Rm 253)  Ronald Balassanian, MD
10:00  Break (Rm 344)
10:20  CONCURRENT SESSIONS
A. Fine Needle Aspiration Biopsy of the Breast (Rm 343)  Ronald Balassanian, MD
B. EUS- and EBUS-Guided FNA Biopsies: A Collection of Interesting Cases (Rm 253)  Vighnesh Walavalkar, MD
11:50  Lunch provided (Rm 344)
12:45 pm  CONCURRENT SESSIONS
A. Current Issues in Fluid Cytology (Rm 343)  Elham Khanafshar, MD, MS
B. Challenges in Salivary Gland Cytology (Rm 253)  Sarah Calkins, MD
2:15  Break (Rm 344)
2:35  CONCURRENT SESSIONS
A. Challenges in Salivary Gland Cytology (Rm 343)  Sarah Calkins, MD
B. Current Issues in Fluid Cytology (Rm 253)  Elham Khanafshar, MD, MS
4:15 pm  Shuttle Departs for InterContinental Hotel, San Francisco (Howard Street)
WEDNESDAY, MAY 22, 2019

Cytology Seminar – Limited registration, separate fee required.

THURSDAY, MAY 23, 2019

Stuart J. Schnitt, MD is the Chief of Breast Oncologic Pathology for the Dana-Farber/Brigham and Women’s Cancer Center, Associate Director of the Dana-Farber Cancer Institute/Brigham and Women’s Hospital Breast Oncology Program, co-leader of the Dana Farber Harvard Cancer Center Breast Program, Senior Pathologist at Brigham and Women’s Hospital, a Professor of Pathology at Harvard Medical School and an internationally recognized expert in breast pathology.

Dr. Schnitt did his internship and residency in Anatomic and Clinical Pathology at Beth Israel Hospital in Boston followed by a fellowship in surgical pathology, also at Beth Israel Hospital. He was a faculty member in the Beth Israel Hospital/Beth Israel Deaconess Medical Center Department of Pathology from 1984-2017, including 11 years as Director of Anatomic Pathology and subsequently Vice Chair for Anatomic Pathology. He has published over 340 original articles, review articles, editorials, commentaries, and book chapters, primarily in the area of breast diseases. He has authored a popular breast pathology textbook entitled “Biopsy Interpretation of the Breast”, now its third edition. The first two editions of this book were also published in Chinese. In addition, he is one of the editors of the 4th Edition of the “World Health Organization Classification of Tumours of the Breast”, published in 2012 and is serving as an editor of the upcoming 5th Edition of the “World Health Organization Classification of Tumours of the Breast”.

Dr. Schnitt is a Past President of the United States and Canadian Academy of Pathology (2010-2011). Other notable honors include the Arthur Purdy Stout Society of Surgical Pathologists Annual Prize (1999), the Albany Medical College Distinguished Alumnus award (2014), the Lynn Sage Distinguished Lecturer (2014), the Maude Abbot Lecture at the United States and Canadian Academy of Pathology Annual Meeting (2016), and the United States and Canadian Academy of Pathology F.K. Mostofi Distinguished Service Award (2016). He is particularly proud to have been involved in the training of 37 breast pathology fellows since 1995. He has lectured extensively around the world. His research interests and contributions to our understanding of benign breast diseases and breast cancer have been broad, but have largely focused on risk factors for local recurrence in patients with invasive breast cancer and ductal carcinoma in situ treated with breast conserving therapy, benign breast disease and breast cancer risk, and stromal-epithelial interactions in breast tumor progression.

In recognition of his accomplishments in the field of breast pathology, we are pleased to welcome him as our 2019 Henry Moon Lecturer.

ACCREDITATION

The University of California, San Francisco School of Medicine (UCSF) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

MAP19001A – Current Issues in Anatomic Pathology  UCSF designates this live activity for a maximum of 23.25 AMA PRA Category 1 Credits™. The live course is accredited for 19.25 with four optional sessions at 1.00 credit each. Physicians should claim only the credit commensurate with the extent of their participation in the activity. This Activity meets the American Board of Pathology’s Maintenance of Certification (MOC) requirements for Part II (CME and SAMs) lifelong learning. Participants in MOC may earn up to 23.25 SAM credits.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.

MAP19001B – Cytology Seminar  UCSF designates this live activity for a maximum of 6.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This CME activity meets the requirements under California Assembly Bill 1195, continuing education and cultural and linguistic competency.
SATURDAY, MAY 25, 2019

7:30 am Continental Breakfast and Poster Session

8:30 Superficial Bladder Tumors and Mimics Victor Reuter, MD
9:00 Challenging Cases in Urologic Pathology Bradley Stohr, MD, PhD
9:50 Coffee Break

10:10 Differential Diagnosis of Renal Neoplasms, Including Newly Recognized Entities Victor Reuter, MD

11:10 Intraductal Lesions of the Prostate Gland and their Clinical Significance Jeffry Simko, MD, PhD

12:15 - 1:15 pm Optional Lunch Tutorial C: Lung Nodules: Less Common Tumors and Mimics of Malignancy
Or Lunch on Own Anatoly Urisman, MD, PhD

1:30 Gastrointestinal and Hepatic Lymphoma Diagnosis: Common Questions from the UCSF GI-Hepatobiliary Consultation Service Ryan Gill, MD, PhD

2:10 Intraepithelial Lymphocytes in the Gastrointestinal Tract: To Celiac Disease and Beyond Soo-Jin Cho, MD, PhD

2:50 Coffee Break

3:10 LAMNs, HAMNs and Other Confusing Appendiceal Lesions: Updates from the 2019 WHO Sarah Umetsu, MD, PhD

3:50 Liver Tumors: Key Updates from 2019 WHO Sanjay Kakar, MD

4:30 pm Adjourn

GENERAL INFORMATION
Advance registration closes one (1) business day prior to start of course.

HOW TO ENROLL
Current Issues in Anatomic Pathology (MAP19001A) – Registration Fees:
$855 Physicians
$805 Nurses/Advanced Health Practitioners
$460 Residents/Fellows

Single Day Rate:
$350 Physicians
$325 Nurses/Advanced Health Practitioners
$175 Residents/Fellows

Lunch Tutorials - $95/each (includes lunch, limited enrollment)
Evening Tutorials - $135/each (includes snack, limited enrollment)

Cytology Seminar (MAP19001B)*
Registration Fees:
$325 Physicians
$325 Nurses/Advanced Health Practitioners
$175 Residents/Fellows

*Enrollment limited to 18 – enroll online or by phone only at cme.ucsf.edu or call (415) 476-5808 to verify that space is available. Do not mail or fax a registration for the Cytology seminar.

Payment can be made by Visa, MasterCard, AmEx or check.

REGISTER VIA
Online: cme.ucsf.edu
Mail: Complete course registration form and send with payment to: UCSF Office of CME 3333 California Street, Suite 450 San Francisco, CA 94118
Fax: Fax completed registration form to: (415) 502-1795 (be sure to include your credit card number)

Phone: To register by phone or to inquire about registration status, please call UCSF’s CME Registration Office at (415) 476-5808.

Please check our website for up-to-date information on the course: cme.ucsf.edu

ON-SITE REGISTRATION
Generally we are able to accommodate on-site registration at our courses however pre-registration is preferred to ensure that we have adequate course materials.

REFUND POLICY
Cancellations received in writing before May 17, 2019 will be refunded, less a $75 administrative fee. No refunds will be made on cancellations received after that date.

CONFERENCE LOCATION
Enjoy San Francisco’s renowned attractions such as the historic cable cars, shopping in Union Square, or visit San Francisco’s culinary hub at the Ferry Building. InterContinental San Francisco is just steps from the Museum district.

A block of guestrooms has been reserved at the special UCSF conference rate of $249/night. You are urged to make your reservations early. The cut-off date is April 30, 2019, or until the group room block is filled. After this date, rooms will be provided on a space-available basis only.

To make hotel reservations on-line, go to cme.ucsf.edu and click on the hotel link in the Travel & Lodging section of the course webpage. If you prefer to telephone in your reservation, call 1-415-394-1111 and identify yourself as a member of this UCSF conference to receive the special rate.

By staying at the host hotel, you help UCSF meet its contractual obligations and keep registration fees reasonable.

AIR TRANSPORTATION AND RENTAL CAR
UCSF has negotiated special fares with airlines and car rental agencies. Please visit the TRAVEL AND LODGING section on the course webpage at cme.ucsf.edu for more information and discount codes.
